## Gary Farrell Wine Dinner

Thursday, January 24<sup>th</sup>, 2019

Highball & Harvest is inspired by Florida's long history as a large scale producer of a variety of crops, and the railroad system which enabled the region to become an agricultural powerhouse that remains as important today as it was in the 19th century. Highball is the conductor's signal for a train to depart and to move at full speed. It also refers to the cocktail.
